| <b>INTRODUCTION</b>                                      |      |   |      |
| - Exterior features                                      | 1    | - Removing-refitting head restraint                                   | 32   |
| - Interior fittings                                      | 2    | - Dismantling-reassembling backrest                                   | 33   |
| - Safety   | 4    | - Instructions for moving and fitting seats with pre-tensioners       | 34   |
| - Moveable parts   | 7    | - Safety regulations to be observed for pre-tensioners                | 34   |
| - Hard Top   | 8    |   |      |
| - Panels and paintwork                                   | 9    | <b>INTERIOR FITTINGS</b>  |      |
| - Recycling  | 10   | - Removing-refitting dashboard  | 36   |
| <b>DOOR</b>  |      |   |      |
| - Removing-refitting door panel and protective lining    | 13   | - Removing-refitting seat belts                                       | 42   |
| - Removing-refitting external rear view mirror           | 14   | <b>WINDOW GLASSES</b>   |      |
| - Removing-refitting outer door handle                   | 15   | - Replacing front window (windscreen)                                 | 43   |
| - Replacing door lock barrel                             | 16   |   |      |
| - Removing-refitting door lock                           | 16   | <b>HOOD</b>   |      |
| - Removing-refitting door opening lever                  | 17   | - The hood  | 50   |
| - Removing-refitting lowering window glass               | 17   | - Removing-refitting complete hood                                    | 52   |
| - Removing-refitting window opening device               | 18   | - Removing-refitting and adjusting hood handles                       | 53   |
| - Adjustments to lowering window glass                   | 19   | - Removing-refitting hood compartment inner lining                    | 54   |
| - Removing-refitting door                                | 20   | - Removing-refitting right hood cover lock                            | 54   |
| - Adjustments to door                                    | 20   | - Removing-refitting left hood cover lock and replacing control cable | 55   |
| <b>BUMPERS</b>   |      |   |      |
| - Removing-refitting front bumper                        | 21   | - Removing-refitting hood cover                                       | 56   |
| - Removing-refitting rear bumper                         | 23   | - Removing-refitting hood opening pistons (gas springs)               | 57   |
| <b>BONNET LID</b>  |      |   |      |
| - Removing-refitting bonnet lid                          | 24   | - Removing-refitting hood fabric                                      | 57   |
| - Adjustments  | 25   | - Refitting hood fabric   | 59   |
| - Removing-refitting and adjusting bonnet closing device | 25   | - Replacing hood rear windscreen                                      | 60   |
| - Removing-refitting bonnet lid lock                     | 26   | <b>REPLACING BODY PANELS</b>  |      |
| - Replacing bonnet lid opening control rod               | 26   | - Symbols for illustrations   | 62   |
| <b>BOOT LID</b>  |      |   |      |
| - Removing-refitting boot lid                            | 27   | - Replacing front cover   | 63   |
| - Adjustments  | 27   | - Replacing front cover support                                       | 67   |
| - Removing-refitting and adjusting boot lid lock striker | 27   | - Replacing front wing  | 71   |
| - Removing-refitting boot lid closing device             | 28   | - Replacing complete windscreen seal                                  | 75   |
| - Replacing boot lid opening control rod                 | 29   | - Replacing front cross member  | 80   |
| <b>SEATS</b>   |      |   |      |
| - Removing-refitting seat                                | 30   | - Replacing rear cover  | 86   |
| - Dismantling-reassembling seat                          | 30   | - Replacing front side panel  | 90   |
|  |      | - Partial replacement of front side panel                             | 96   |
|  |      | - Replacing front pillar  | 102  |
